## AILLWEE CAVE, IRELAND'S PREMIER SHOWCAVE

A very special place in the heart of the Burren. The story of Aillwee Cave began millions of years ago - it began to form when streams sinking underground on Aillwee Mountain started dissolving channels through the lines of weakness in the limestone. Aillwee Cave is one of the most ancient caves in the Burren. The Burren Birds of Prey Centre is home to birds of prey from all over the globe. Daily flying displays provide a unique opportunity to see these magnificent birds in dramatic free flight.

## THE BURREN CENTRE GATEWAY TO THE INCREDIBLE BURREN LANDSCAPE.

To begin to discover the secrets of the Burren, a walk through the Burren Centre Exhibition is essential. Beautifully presented, with atmospheric lighting and sounds, the story of the Burren unfolds before your eyes, revealing the history of man and animals and how they co-existed in this apparently inhospitable place. The Burren with its innate sense of spiritual peace has an extraordinary array of flora and wildlife, megalithic tombs and monuments older than Egypt's pyramids. To begin to discover the secrets of the Burren a visit to The Burren Centre is a must. Homely Tea Rooms and Craft Shop also available.

## CAHERCONNELL FORT

Caherconnell Fort - one of Ireland's best preserved stone forts is the information gateway to the forts and tombs of the Burren. Ireland's first stone fort virtual tour recreates life within the fort while the audio-visual gives the history of Caherconnell and surrounding monuments including Poul nabrone Dolmen. Annual excavations at Caherconnell provide renewed and more accurate information. Come and let our past be your present!

- Free Parking, Craft Shop, Hot Food, Freshly Brewed Coffee and Daily Specials available at our Visitor Centre.

## CLIFFS OF MOHER VISITOR EXPERIENCE

Ireland's most visited natural attraction with a spectacular vista that captures the hearts of up to one million visitors every year. The Cliffs of Moher rise to 214m / over 700 feet and stretch 8km along the Atlantic coast. Admission includes access to the Cliffs, entrance to the Visitor Centre and the Cliffs Exhibition, Visitor Parking and a Contribution to Conservation. It does not include admission to the rooftop of O'Brien's Tower.
